The Hotel Drei Raben is a modern and comfortable city hotel, situated a ten minute walk from the historic centre of Graz with its museums and cultural attractions. It is also in the immediate vicinity of the train station and convention centre – an ideal location for business travellers, holidaymakers and families. The attentive, multilingual team places a special emphasis on the personal service which has become the hallmark of the hotel. The hotel is also very committed to the issue of accessibility: The main entrance to the hotel has been equipped with a mobile ramp, for example, so that a steep step can be overcome. The specially designed accessible room is situated on the 1st floor. The accessible room is accessible for people with wheelchairs up to 80 cm wide. There is a modern bathroom with a walk-in shower and handrails.

The breakfast room is located on the ground floor and is accessible. There are also separate rooms for allergy sufferers. All rooms are non-smoking. Wifi and a PC are available in the lobby.
