Above the rooftops of Graz

Restaurant - SKYBAR GRAZ - Event Location - Bier garden

A mountain is like a television set gifted to us by nature. When standing at its summit, the horizon flickers in the distance. You tune into every direction and gain perspective, even when you feel you have lost it. Sometimes the path upwards is steep, yet it always holds surprises along the way.

Surprises such as Restaurant SCHLOSSBERG, its adjoining beer garden, or the SKYBAR GRAZ at an altitude of 467 metres above sea level. The Schlossberg in Graz brings together extraordinary views of, remarkable impressions from, and unique insights into a life devoted to enjoyment.

It is the local mountain of the people of Graz, home to a rich gastronomic diversity. A mountain where people meet one another and where one may also encounter oneself.
