

STADTHALLE GRAZ

CATEGORY MESSE CONGRESS GRAZ

Where organiser meets visitor

Austria's most up-to-date event location has been creating a stir in the Styrian capital since it opened in 2002. Beneath a spectacular roof construction is a flexible space that is completely open on all sides – and not just because of the glass façades. Half of the hall can be opened using rotating and sliding doors, creating a seamless transition from interior to exterior.

As the size of the hall can be divided by means of electronic curtains, it also lends itself to smaller events such as receptions and galas. The three foyers on the ground floor, extremely bright and airy, offer another 3000 sqm of usable space for various events.
